SPECIAL COMMITTEE ON OLIVER ALLEGATIONS MEET

Organization Session Held This Morning—Newspaper Not Willing to Give the Source of Its Information—Mr. Oliver Requests Full Investigation of the Incident.

Ottawa, May 17.—The special committee of the House of Commons appointed to inquire into certain allegations against Hon. Frank Oliver, held its first meeting this morning. A. H. Clark, former chairman of the committee, and members of the committee are Messrs. Mcleish and Crothers, Conroy, Mr. Mowat, Mr. MacLennan and Caywell, Liberals. The allegations went forth for inquiry into are:

"That an order in council was passed on May 9, 1907, giving the Canadian National railway power to sell in the prairies \$60,000 acres of land in place of lands granted to the Manitoba and South Saskatchewan railroads on October 2nd, in the same year, \$40,000 was paid into the Imperial Bank at Winnipeg by the Canadian National 'Oliver'; and that about one year later the amount of \$11,000 was similarly paid into the same bank to the like credit of Mr. Oliver."

After the clerk of the committee had read the subject matter of the House, the subject was referred to the House of Commons for a hearing of the proceedings. Mr. Carvell wanted to know if any one was present on behalf of the government. Mr. R. W. McLean, the chief of the committee, it was agreed that the committee would examine Mr. Young tomorrow.

The question of summoning the Ottawa and Western railway to appear before the committee was referred to Mr. McLean who said he would do so if it were not for the fact that he was not in a position to do so.

Mr. McLean thought the committee should be given a hearing of its own. The members were not anxious to reveal the source of their reports.

The Chairman remarked that the reference to a newspaper report in the Toronto Star, and the comments should ascertain the source of the information. The member, however, was not anxious to reveal the source of his reports.

Mr. McLean thought the committee should be given a hearing of its own in order to ascertain on what it was based.

Mr. Maighen thought the committee should agree to the scope of the inquiry. Mr. Carvell pointed out that the House would probably adjourn on Friday and that

there would be no possibility of having a thorough enquiry of the matter this week.

At this point Mr. Clark turned to Mr. Oliver who was present, and asked him if he had any suggestions to make.

Mr. Oliver said: "All I would ask is that the committee make full enquiry into the matter of the transaction and call officials of the department so as to satisfy the public that there is nothing to it."

Mr. Clarke then suggested that a day should be fixed for the taking of evidence.

The committee is here to inquire into the propriety of being heard. Mr. McLean said that Mr. Gilliehead should be given an opportunity of being heard.

Mr. Gilliehead asked if the minister desired the appointment of counsel on his behalf.

Mr. Clarke asked if the minister desired the appointment of counsel on his behalf.

Mr. Gilliehead said he would do so if it were not for the fact that he was not in a position to do so.

Mr. Gilliehead thought the committee should be given a hearing of its own in order to ascertain on what it was based.

Mr. Maighen thought the committee should agree to the scope of the inquiry. Mr. Carvell pointed out that the House would probably adjourn on Friday and that

SENATOR COX IS SPENDING A FEW DAYS IN EDMONTON

Senator Cox, a. co. of Toronto, president of the Canada Life Assurance Company, is in Edmonton today on a business trip through Western Canada. He has been here for several days and during his stay here will be the guest of his nephew, W. E. Cox.

Senator Cox is one of the leading men in Canadian financial circles and as such enjoys a high reputation as being one of the best and most efficient working milieus in the Dominion. He is a director of the Bank of Montreal four years ago and when seen by the Bulletin this morning, at the corner of 101 and First streets, expressed his surprise at the progress the city had made in that short time. He declined to talk for publication; made it a point, he said, never to give out information concerning his business to a Toronto paper a short time ago on the reciprocity issue, but that was because it was a question of national importance on which

he was in a position to speak at length.

Mr. Cox is in the office of the National Trust Company, the Canadian Commerce, or both of which institutions, he is a director. Other companies in which he is interested are the Canadian Pacific, the Canadian United States would ruin the financial stability of Canadian banking.

On Thousand Homes.

Chastanau, Tenn., May 15.—One thousand are without shelter due to the fire.

One thousand houses and two boarders came from the south, while others were working at the Hale penitentiary on the Tennessee river, near here.

CALGARY COLLEGE GRANT.

City Will Make Grant Only If Private Subscriptions Reach \$150,000.

Calgary, May 15.—A grant of \$150,000 to the University of Alberta, to be given for a grant of \$150,000 to the Calgary University was introduced yesterday by the hon. member for the constituency of the West Kootenay, the British American Telephone and Telegraph Company. The donation is to be given by the Canadian telephone and telegraph company.

He is also a director of the Canadian telephone and telegraph company, the Toronto Railway Company and the Trans-Canada Telephone Company.

COUNCIL DEFER THEIR ACTION

New Commissioners Will
Not Be Named Till
Friday.

WHAT THE COUNCIL DID LAST NIGHT

Detailed appointment of two additional commissioners till Friday.

Ald. Hyndman refused application of O. M. Biggar for conducting of investigation by a more disinterested tribunal.

Appointed special committee to confer with J. Coates ex-gas plant.

The promised appointment of two additional commissioners was not made at the meeting of the council held last evening. Ald. McInnis, as chairman of the special committee appointed to consider previous to fill the position which it had proposed to create, reported that his committee had been unable to make but would do so on Thursday evening when prepared to make recommendations at an adjourned meeting on Friday. "The council adjourned at 9 p.m.," said Ald. Hyndman.

"This is a matter in the hands of the council," he said. "The mayors are responsible."

"I would like an answer from you on this question," the commissioners may he asked. "Is there any consideration of work in the commissioners' office?"

Mr. McInnis said: "There are no annual fees; it is that you are anticipating the arrival of the two present commissioners."

In the Hands of the Council

"It is a matter in the hands of the council," said the mayors in response.

"I would like an answer from you on this question," the commissioners may he asked. "What is the reason for this action? If there is no answer I can only draw my own conclusions."

The mayor made no response.

"I understand," said Ald. Hyndman, "that you have not had time to study the question, yet they will settle this important question by Friday. That man who will accept the position under present circumstances is not the sort of man we want. He must accept it under compromise; he must come to do as he is told."

This statement was received with

loud applause from the unusually large audience which had gathered in the hall in anticipation that matters of this nature would be discussed at this meeting. The demonstration, however, was soon checked by the members of the remarks, "We are not here for applause."

Woudt, No Reply.

Ald. Hyndman appealed to the mayor for a reply to the questions addressed to him as chairman of the board of commissioners. The mayor however, did not reply.

Finally a motion was passed asking for a report from the commissioners concerning whether they are able to fill all the posts now open to them at the present time. Ald. Grindley agreed to support the motion on condition that the commissioners hold off until they are able to visit the city again.

O. M. Biggar, who is acting as counsel for the commissioners in the investigation which has been undertaken by the city, appealed for a hearing before the commissioners in a disinterested tribunal. He suggested the same, not only for the sake of the citizens of the city, but also for the sake of the city and to some extent for the sake of the aldermen, and possibly for the sake of the taxpayers. "I am not concerned for the sake of all concerned it might be better to have the matter completely digested and decided," he said.

"If I were not supposed," said Mr. Biggar, "to be concerned that there is not enough money for this tribunal, then I would be contrary to the wishes of the taxpayers, but if the amount of compensation is with respect to masters in whom you alone can be witness, then I am not concerned." The fundamental rule is that a man cannot be accused and judge in his own case.

"This particular committee," said Ald. Lundy and Ald. McInnis are the complainants. Ald. Lundy has also stated that he has given these complaints so far as Mr. Bouillon is concerned; he cannot give any information concerning other commissioners. Ald. McInnis has said that this commissioner must be dismissed. Ald. Gowan has also stated that he has dismissed whether he makes satisfactory explanations or not. Ald. Mount, in his report on January 19th, said that the committee should be given rid of and that nothing could be done in his mind. Ald. Gowans has said that although the members of the council were satisfactorily answered he could not agree to their being retained.

Mr. Hyndman stated that the final decision must rest with the council, but the consequences of a decision which will damage the members of the council will be the casting vote of the mayor.

"That tribunal cannot try these cases and arrive at cause satisfactory to the council," said the mayor. "That is precisely what I think," said Mr. Biggar's quick reply.

Advices Against Proposal.

C. C. McCull, who is conducting the prosecution of the commissioners, was then called upon to address the members of the council concerning the statements of Mr. Biggar as a reflection upon the honesty and imitable judgment of Mr. Justice Stuart, he declared, pointed out that to accuse he had expressed an opinion would be absurd. In his opinion the council proposed to take were those which were outlined by the Judge.

Mr. Biggar protested that it was altogether unfair to suggest that anything that he had said was intended to reflect upon the commissioners, he could easily be fairly twisted into an insult to the council.

A communication was received from the Hon. Frank Oliver, Minister of the Interior, acknowledging receipt of a copy of the report of the council proposing to take were those which were outlined by the Judge.

Upon the recommendation of the International Gas Association, a grant of \$100 was necessary for the purpose of effecting necessary repairs to the road leading to the gas plant and gas house.

A communication was received with one appeal to the common sense of the council, he said. "How many ratepayers are there who are not personal friends of the members of the council?" he asked.

Upon the recommendation of the council determining in this matter against the commissioners, the commissioners' compensation was reached in good faith as a result of the evidence obtained by the council.

"If I were one of those who are accusing the commissioners," said Ald. Hyndman, "I would not sit on the committee because I believe it would be contrary to the wishes of the taxpayers."

The investigation was terminated by the administration of a motion by Ald. Lundy authorizing the action of the investigating committee in securing the services of Mr. Biggar.

A motion extending sympathy to the family of J. A. Winchester, late superintendent of gas works department, who died suddenly last week, was unanimously passed.

Mr. Hyndman, Mr. McInnis and the complainants is with respect to masters in whom you alone can be witness, the fundamental rule is that a man cannot be accused and judge in his own case.

The Gas Franchise

A communication was received from Mr. J. A. Gowan, who is in the city and desires to have half of British capital, to submit a proposal for the construction of a municipal gas plant. Mr. Gowan states that his company would be willing to construct the plant within twelve months. After some discussion the council divided the motion to a special committee to meet Mr. Gowan.

The motion was supported by Ald. Lundy, Ald. McInnis and Mr. McKinley and carried by the casting vote of the mayor.

"We will take the gas franchise positions we want," said Ald. Gowan, who opposed the motion, and who was the author of the resolution to which the question was referred is composed of Aldermen Mould, McInnis and McTavish.

Meanwhile a committee composed of the commissioners, the industrial commission and the auditor had been instructed both to prepare a model

agreement for a gas franchise, and also to re-consider the agreement already made with the International Gas Association. It was further agreed that the commissioners, but not the city, would be able to meet, but hoped to do so.

A communication was received from the Hon. Frank Oliver, Minister of the Interior, acknowledging receipt of a copy of the report of the council concerning the proposed legislation and stating that the matter would be considered by the Government.

Upon the recommendation of the International Gas Association, a grant of \$100 was necessary for the purpose of effecting necessary repairs to the road leading to the gas plant and gas house.

A report of the O.T.P. transmitted by Mr. A. E. Ross, general manager for the consent of the city to the installation of a gas track to the gas plant, was read. The report referred to the commissioners, the auditor and the engineers with instructions to take the necessary steps to secure the consent.

At the request of John Blue, chairman of the Coronation committee, the auditor declined to deposit with the chairman of the coronation committee the sum of \$100 to meet expenditure incurred in making preliminary arrangements for the coronation.

The remainder of the grant of \$1,400 made available for the coronation will be retained after the day of the coronation, May 25th, and will be paid to the committee.

ENTERTAINMENTS

"THE CLIMAX."

An excellent company will present "The Climax" to the Edmontonians at the Empire Theatre, on May 25, 26, and 27. "The Climax" was most popular in America and Canada and achieved one of the most remarkable successes in the history of the stage. And yet in spite of the success of the play, one critic recently said that with its "stiff, stilted, affected, pretentious, and intricate characters, the production must be a failure."

BELOWE your beliefs and doubt your doubts; but don't believe your doubts, and doubt your beliefs. This is the whole case for the Edmonton Portland Cement Company. The facts of this Institution are all the arguments the Company needs in order to get, without delay, all the funds it needs to make it the most profitable industrial enterprise in Canada.

Article Number Nine

The purpose of the remaining articles of this series will be to reiterate the simple facts of The Edmonton Portland Cement Company Limited until the public of this community fully realize just what this splendid opportunity means.

As has been said before, success is the simplest thing in all the world, and the easiest; and failure is the most complex and difficult. Edgar Allan Poe wrote a famous essay on the "Spirit of Perverseness" in which he undertook to show that there is an innate tendency in every man to do the wrong thing; that there is some sort of diabolical inner satisfaction which follows always making the wrong choice and ultimately undoing one's own life. An old Methodist hymn contains the line: "Prone to wander, Lord I feel it." It is this wandering away from the simple facts upon which everything worth while is founded, that lies at the root of all failure. The famous American labor commissioner, Mr. Carroll D. Wright, once explained the difference between a bum, a tramp and a hobo in this epigram: "A bum drinks and wanders, a tramp dreams and wanders, and a hobo works and wanders." But they all wander, and it is because of their wanderings that they are recruiting the battalions of the great unwashed. Now we do not propose to **wander** from the simple facts of the Edmonton Portland Cement Company, Limited.

This great Enterprise is founded upon two propositions, each so simple that a child can understand it:

One is that the market for Portland Cement is sure to increase in the coming years. Experience, and the

obvious facts all around, are sufficient to determine this fact beyond a peradventure. In the past five years the production of Portland Cement has more than doubled; the increase was from 35,246,812 barrels in 1905 to 74,000,000 barrels in 1910. And the ratio of increase is **enlarging**. The increase in the last two years 1909 and 1910 was 23,000,000 barrels. Beside the witness of experience, two obvious facts make certain the continuing increase in the demand for Portland Cement. One is that the uses for it are multiplying. A few years ago Portland Cement was used in appreciable measure for but two purposes; hydraulic construction and paving. Now it is used for every construction purpose of brick, stone and steel, and for a thousand other purposes to which these materials are not adapted. The other obvious fact is the unprecedented increase in building and railroad construction. Canada is but at the dawning of the building of an Empire.

The other simple proposition is that the Edmonton Portland Cement Company owns the very best materials for the manufacture of Portland Cement, marl and clay, in quantities sufficient to operate a 1500 barrel mill for at least forty years. The property of the Edmonton Portland Cement Company is the largest known marl deposit on the American Continent. It is a huge marl **bank**; a marl deposit from three feet to twenty feet in thickness, with only a few inches of soil above and covering 240 acres. From surveys and tests already made there are at least 5,000,000 cubic yards of marl in this deposit; a quantity sufficient for the manufacture of at least 12,500,000 barrels of Portland Cement. And the clay deposit is still greater in extent. The marl is out there. Hundreds of Edmonton citizens have seen it. And the doubling Tom can go there, mire down to his eyes in marl, and make it necessary for some one to fish him out of the consequences of his incredulity.

These are the fundamental facts of this great Enterprise and associated with them are two other facts that are consequential of the first:

One is that the market in the Edmonton district alone will more than absorb the entire output of the new plant. More than 400,000 barrels of Portland Cement will be used in this district in 1911, the demand is increasing and freight rates alone are prohibitive to competition.

The other consequential fact is that the Edmonton Portland Cement Company is the most advantageously situated of any Cement company in the Dominion or the States. Not only has this institution an exclusive market at its very door, more than equal to its capacity; but it has both the materials for cement manufacture in their most accessible and practical form. While other mills are at the expense of quarrying their rock and shale and shipping both of these materials a long distance by rail to the mills, thus greatly increasing the cost of manufacture; the Edmonton Portland Cement Company can dredge its materials, carry them into the mill in scows, and manufacture Portland Cement cheaper than any other mill in Canada.

All of this means that the Edmonton Portland Cement Company can manufacture Portland Cement for 75 cents a barrel, sell it at the market price fixed by its competitors, which will be not less than \$3.05 per barrel, and distribute the profits among its Edmonton Shareholders.

This is why the Edmonton Portland Cement Company should distribute \$12,000,000 in dividends among its stockholders in the next twenty years and why its shares should go to \$200 in two years and \$500 in five years.

The stock books are open for subscriptions at the parlor of the King Edward Hotel. Shares \$100 each and convenient terms of payment can be arranged.
